

Cell Organelles

	Diagram	Notes
Cell Membrane		
Nucleus		
Cytoskeleton		
Endoplasmic Reticulum		
Ribosome		
Golgi Apparatus		
Lysosomes		

Mitochondria		
Chloroplast		
Cell Wall		
Vacuole		
Centriole		

Review:

Which organelle is the control center of the cell?

Which organelle holds the cell together?

Which organelles are not found in animal cells?

Which organelle helps plant cells make food?

What does E.R. stand for?
